

Edulabs in Association with Mechanica IIT Madras

2-weeks Live Online

FDP | Internship Training | Industrial Training

on

**Ethical Hacking & Cyber Security**

Total Duration: 20-Hrs LIVE, 2-Weeks

## Course Content:

### Module 1 - Introduction to Hacking –

1. Introduction to Ethical Hacking.
2. Phases of Hacking.
3. Types of Hackers.
4. Module 4 – Basic Python Programming

### Module 2 – OSINT –

1. OSINT Websites
2. OSINT Extension
3. OSINT Tools
4. OSINT using Kali Linux

### Module 3 – Networking –

1. Types of IP Address
2. IP Address Classes
3. IP Addressing
4. Subnetting
5. TCP/UDP

## 6. OSI Model

### **Module 4 - Scanning Networks**

1. Ping
2. Nmap
3. Online Nmap
4. Wireshark
5. Other Tools

### **Module 5 - Vulnerability Assessment –**

1. Nessus Installation
2. Nessus Usage

### **Module 6 - Introduction to Malware –**

1. Types of Malware

### **Module 7 - System Hacking Using Built in Vulnerabilities and Malware Creation –**

### **Module 8 – Introduction to Privilege Escalation –**

### **Module 9 - Password Cracking –**

1. ZIP/RAR Password Cracking

### **Module 10 – Denial-Of-Service –**

1. DOS Attack

**Module 11** - HTTP Intercept Web Proxy Setup (Web Application Testing Lab) –

1. Lab Setup

**Module 12** – Introduction to Web Servers and Web Applications –

**Module 13** - Introduction to Web-Application/Web Server Pen-Testing –

**Module 14** - Social Engineering –

1. Email Spoofing.
2. Identify Phishing Emails.
3. Phishing Attacks over LAN Network
4. Phishing Attacks over WAN Network

**Module 15** - Hacking Wireless Networks –

1. Wifi Hacking

**Module 16** - Hacking Mobile Platforms –

1. Hacking using Metasploit Framework
2. Android Debug Bridge
3. Airdroid

**Module 17** – Introduction to Mobile Application Pen-Testing –

**Module 18** - Introduction to Cryptography and Steganography –

**Module 19** - Privacy and Anonymity –

**Module 20** - Hacking and Cybersecurity in Today's World –

**Module 21** – Road map to the world of Cybersecurity –

### Who can attend?

- Training is best suitable for Engineering college faculty, Research scholar, Student & Working IT Professional.

### For Whom this Training is?

There is [No Prerequisite](#) for the Training

- Anyone who wants to learn about Ethical Hacking.
- Any students in college who want to start a career in Cyber security.
- Faculty & Research Scholars who wish to learn about Cyber security.
- Working Professional who wants a new career as a cyber-expert.

### Training Highlights

- 20+ Hours live online Hands-on based learning
- Training includes: Soft copy of Training material, Training PPT's, Project code & Training Recording.
- Certificate of completion from Eduxlabs in Association with Mechanica IIT Madras

**Note:** We can customize the certificate as per your need Ex.

- FDP Certificate
- Industrial Training Certificate
- Internship Certificate / Others

## Training Fee

	Training Fee
2-weeks Training Program	₹ 2199/-only

**Prerequisite:** There is no prerequisite for this training,
